MORGAN COLLEGE PRINT.

MORGAN COLLEGE.

Any student securing the attendance of three city pupils who shall remain during the entire year, shall receive **FREE TUITION AND BOOKS**, and for each additional student, an amount equal to one-fourth his or her tuition.

Any student securing the attendance of twenty pupils who shall remain during the entire year, shall receive **FREE BOARD, WASHING, ROOM RENT, TUITION, AND BOOKS (\$65)**,—and for any less number, shall receive in proportion : so that for one student he or she shall receive one-twentieth his or her expenses.

Thus, no one will work without pay, and students will have a chance to help themselves. This applies to both old and new students.

Needs of Morgan College.

1. We need an additional \$80,000 to make our Endowment Fund \$100,000.

2. We need \$15,000 to pay our floating debts.

3. We need a dormitory for girls at Morgan College, that such students, coming to us, may have proper care and protection.

4. We need a dormitory for boys at Lynchburg, as we have no proper protection for young men during the winter months.

5. We need a Teachers' Home at Princess Anne, which the "Board of Local Control" has assumed.

6. We need some appliances for physical exercise at Morgan College.

7. We need some laboratory apparatus for simple experiments illustrating the laws of nature and of life.

8. We need some fresh books in our library, giving the latest thought and research on all subjects demanding accurate information.

9. We need the sympathy and liberal support of every one of our few friends.

F. J. WAGNER, PRES.

Mathematics.

Solid Geometry.

Bible.

Studies in New Testament.

We insist upon the importance of a practical mastery of our native tongue, the English, and of familiarity with its literary masterpieces. Neglect and deficiency here we regard as very serious. We shall use the books now set for reading and study in Preparatory Schools. In all recitations and class exercises a clear, ready, and correct expression will be sought.

Exercises in spelling, reading, declamation, and composition throughout the course. Written translations will be received as equivalent to composition during the Third Year, College Preparatory, and during the College Course. Details of this matter will be arranged by the teachers of Greek, Latin, and English.

NORMAL PREPARATORY COURSE.

First Year.

FIRST TERM.—Arithmetic, United States Money. Grammar—from the first to Articles. Geography—from the first to South America.

SECOND TERM.—Arithmetic—from Compound Numbers to Measure of Time. Grammar—from Articles to Adverbs. Geography—from South America to Africa.

THIRD TERM.—Arithmetic—from Measure of Time to Fractions. Grammar—Adverbs to Syntax. Geography—Africa, Europe, Asia, and parts of the United States.

Second Year.

FIRST TERM.—Arithmetic—Common Fractions. History—from the first to Connecticut. Geography—from the first to the New England States. Grammar—from first to Verbs.

SECOND TERM.—Arithmetic—Decimal Fractions. History—from Connecticut to close of French Wars. Geography—from New England States to Europe. Grammar—from Verbs to Adverbs.

THIRD TERM.—Arithmetic—review of Compound Numbers. History—from close of French Wars to close of Revolutionary War. Geography—from Europe to Asia. Grammar from Classification to Sentences.

ELOCUTION.

Students of the College, Theological, and Academic Departments, will have special advantages for training in Elocution, for which extra tuition will be charged.

THEOLOGICAL DEPARTMENT.

METHODS AND MEANS.

A standard text-book is made the basis of instruction in each branch of this department. Students must study the text-books assigned, master the subjects as thus presented, and pass a thorough examination thereon. Nevertheless, while insisting upon the mastery of each subject as treated with scientific system and fulness in the "text-book in chief" of each branch, the Faculty will steadfastly discourage mere book memorizing; and along with the catechetical method, lectures will be given, class conversations will be conducted, the fascinations of the "Inductive Method" will be employed, the blackboard will be in constant use, topics for short essays will be assigned the students, outlines and abstracts of selected portions of the books studied or read, sermons or sermon-plans will be required, and such other things be done to secure freshness and variety as are consistent with our aim—an accurate and thorough knowledge of each subject as treated in the text-book adopted.

The students will be expected to preach at certain times, and under the direction of the faculty and their respective pastors, engage in such Church work as will not in anywise interfere with College duties, and yet will afford them useful drill, while preserving and intensifying real sympathy with the great work for which they are fitting.

Regular Theological Students—those who have completed the full Normal Course—will be assigned to the respective College classes for the study of English Language and Literature, Rhetoric, History of Civilization, Psychology, Logic, Introduction to Philosophy, Ethics, Apologetics, and Biblical Literature—subjects which are identical in the two Departments.

COURSE OF STUDY.

First Year.

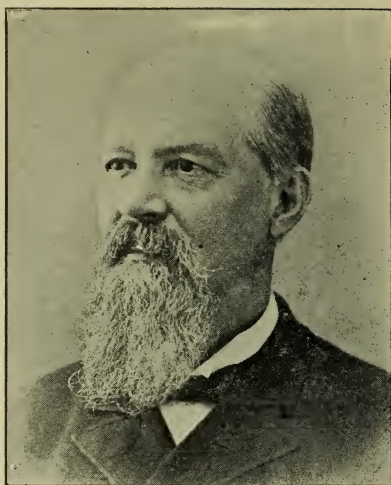

INTRODUCTION.

Theological Encyclopædia and Methodology—Lectures and Studies. The Science of Theology—Its Nature, Relations, and Branches. Motives and Methods of Study. Aids.

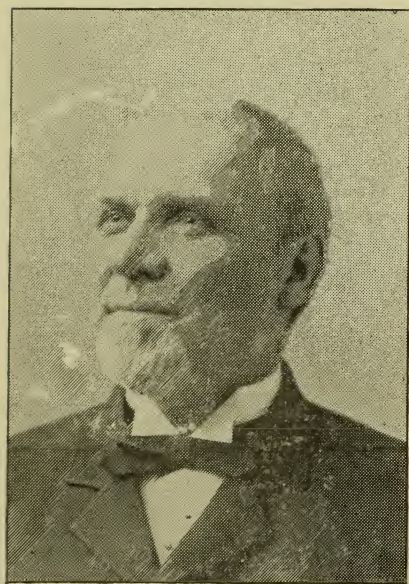

MEMBERS OF BOARD OF TRUSTEES

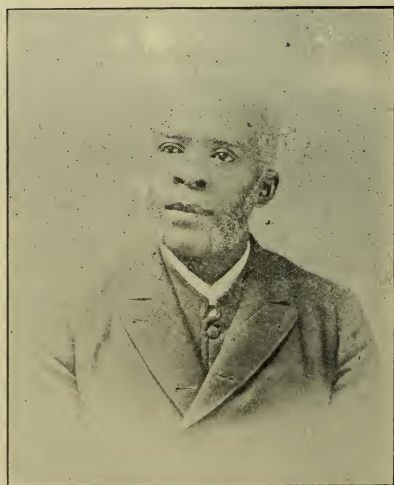

REV. JOHN F. GOUCHER.

3 Prof. Frederick Handy,	8 to 10—Dormitories,	15 Museum.
4 Miss A. L. Sanford,	11 Miss F. E. Street,	16 Miss Mary E. Brown,
5 Rev. C. E. Young,	12 Library,	17 to 20—Dormitories.

Study Hours.—Morning, 6 to 7.	Afternoon, 4.30 to 6.	Evening, 7 to 9.	Studies Allowed, 4.	Required, 3.
-------------------------------	-----------------------	------------------	---------------------	--------------

Students must select their studies in conformity to this plan of recitations.

Theological Graduate Course.

AIM.—

To provide past graduates of our Theological Department the opportunity of securing the degree of Bachelor of Divinity, (B. D.)

ELIGIBILITY.—

This offer is limited to those of our graduates who, beside the Theological Course, have also completed our Normal Course.

COURSE OF STUDY.

As this course cannot be pursued by graduates under our direct supervision, but must be completed at home, our only means of deciding whether the work has been worthily performed will be the results sent us in the shape of essays, syllabi, and other papers. Clearness and accuracy of expression are expected. Any mistakes in spelling and grammar, or any lack of neatness in penmanship, will be regarded as serious defects.

The text-books herein noted, though strongly recommended, need not be used. Others in the candidate's library, or accessible to him, may, after proper consultation and arrangement with us, be substituted.

INTRODUCTORY AND COLLEGIATE STUDIES.

Text Books.—Schaff's Propædæutic. Stuckenberg's Philosophy. Mill's Realm of Nature. Studies in Psychology. Logic. Ethics. Sociology, History, Language, and Literature, by standard authors.

Paper.—The Nature and Aim of Education, the Place of Theology in a Course of Study, and a general view of Theological Science—(giving "an outline of Theology" and defining "the nature and aim of each of its departments, their boundary lines and organic connection, their respective functions and value"). This is to be done in brief.

EXEGETICAL THEOLOGY.

Text-Books.—General and Special Studies in Bible History and Literature; Translation, Paraphrase, Interpretation. Comparative study of Versions. Harman's Introduction to the Study of the Holy Scriptures. Blaikie's Manual of Bible History. Hurlbut's Manual of Biblical Geography. Terry's Hermeneutics. Smith's The Old Documents and the New Bible. Warren's Pentateuch and Isaiah. Horswell's Gospels and Pauline Epistles.

Papers.—1. Chronological Order of the Books of the Bible. 2. Proofs of Mosaic Authorship of the Pentateuch. 3. Outline of the History in I. and II. Samuel, and I. and II. Kings. 4. Exegetical Study of Amos. 5. Outline Life of Jesus gathered from the Gospels. 6. Outline of Paul's Missionary Work. 7. Exegetical Study of Galatians.

HISTORICAL THEOLOGY.

Text-books.—History of the Christian Church. Curtiss' History of the Methodist Episcopal Church. Smith's Christian Missions. Menzie's History of Religion.

Papers.—Wesley and Asbury. The Missionary Outlook.

SYSTEMATIC THEOLOGY.

Text-books.—Review, using Pope's Higher Catechism of Theology as a guide, with advanced studies in Pope, Miley, Raymond, and Beet. Readings in General Theology. Fisher's Manual of Natural Theology. Fisher's Manual of Christian Evidences. Merrill's Aspects of Christian Experience.

Papers.—Special.

PRACTICAL THEOLOGY.

Text-books.—Phelp's Theory of Preaching. Simpson's Lectures on Preaching. Phelps and Frink's Rhetoric—Its Theory and Practice. Methodist Hymnal. Methodist Discipline. Bautain's Extemporaneous Speaking.

FEES:—Entrance, \$2; Degree, \$3.

Remarks.—As soon as a candidate sends us his name and the entrance fee, his name will be entered upon our register, and he will at once begin his studies. Two years is the regular time set for completing this course, yet it will not debar any student who can, from completing it in less time.

Special directions concerning other papers, and the date for presenting each paper, will be given from time to time; but if a student wishes to take his degree at a Commencement, all his work must be done, and every one of his papers be in by May 10th.

Definite questions from students who have undertaken this course will always be in order; direct, concise replies will be furnished immediately. Address,

Rev. F. J. Wagner, A. M., D. D., President Morgan College,
Edmondson and Fulton Aves., Baltimore, Md.

A Department for Africa.

Much interest is manifested at home and abroad in the evangelization of the Dark Continent, and the motto—"Africa for the Africans"—has been received with marked favor. As Morgan College is at the front in work for the education of the Colored Race, the Trustees have decided to establish a department to fit young men and women especially for teaching the branches of a common education, as well as instructing them in the various occupations and trades by which our own civilization is sustained. Already we have one student preparing for this work. We shall give special attention to the geography and history of Africa, the present condition of social life and tribal government, the resources of the continent, the claims of European Governments upon Africa, and the present need in order to prepare for the largest efficiency and success in developing the country and the people.

Tuition in this department, FREE. Any one wishing particulars, will write to President F. J. Wagner.

Morgan College, Baltimore, Md.

Theological Night School.

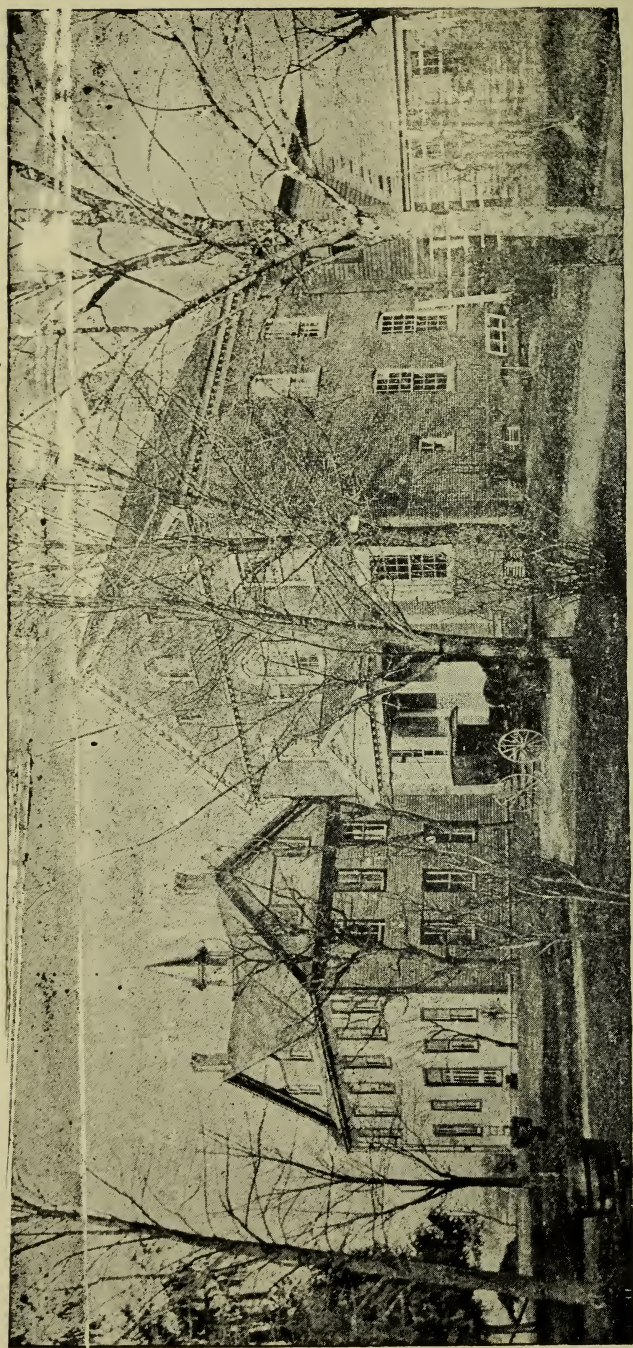

We call attention to the special arrangements we have made for the Theological Department of our Night School. It will be under the supervision of the Dean. Candidates for admission to Conference, Local Preachers, Exhorters, Sunday-school workers, and others wishing to fit themselves for the efficient performance of the work to which they feel themselves called, who, however, are unable to attend the regular session of the College, will find ample provision to meet their wants in this night school.

Admission, \$1. Tuition, \$1.50 per month.

All Books and school stationery free.

Address the Dean, Morgan College.

STUDIES AND INSTRUCTION.

Normal and Normal Preparatory Courses are identical with the same Courses at Morgan College.

INDUSTRIAL COURSES.

Not since the establishment of this Department has better work been done. The time given to sewing has been longer and more fully occupied. Plain and fancy sewing, and embroidery have all received special attention; and parents have been very much pleased with the advancement of their girls in the different grades. The work in the Laundry has been done under chiefs, which plan caused strong competition, thereby producing excellent results. In making cakes, puddings, pastry, bread, and in roasting, frying, broiling, etc.,—visitors can testify as to improvement.

The new Industrial Building, $2\frac{1}{2}$ stories high and 35 x 70 feet, which has been erected during the past year, adds much in beauty and value to the school property. Here can be accommodated most of the trades.

The large and valuable printing plant from Morgan College has been put in, and with a competent printer in charge, our boys will find just the kind of work so long looked for.

The general work of the school, done by our girls and boys, out of school hours, helps wonderfully a large number of students who are trying to educate themselves on small means.

The Farm is well and practically cultivated under the care of a most competent man. We need more boys on the Farm, and parents might help by seeing that their sons do not neglect this most important branch: for no other line of work needs good theory for its base of operation more than agriculture, and we cannot urge too strongly a thoughtful study of the science.

TAILORING.

This Department has taken the lead in interest and actual work. Under a very competent instructor, the eleven young men engaged here have been benefitted as never before.

SHOEMAKING.

The four young men in this Department have made some advancement, and the work is commendable.

PRINTING.

This industry has attracted quite a good deal of attention, as some excellent job work has been turned out; and when in full operation will, no doubt, lead in interest and numbers. Ten young men work here.

CARPENTRY.

Our boys are beginning to understand that to become first-class carpenters they must become acquainted with the materials used; hence they are becoming especially interested in the study of trees. Some new articles have been made, which reflect credit upon the five here employed.

BLACKSMITHING.

The four young men here have done the usual work, and the farming implements have been kept in repair by the workers always found on duty.

REV. F. J. WAGNER, D. D., PRES.

Virginia Collegiate and Industrial Institute.

FACULTY.

REV. F. J. WAGNER, A. M., D. D.,
PRESIDENT.

REV. GEORGE E. STEPHENS,
PRINCIPAL,

Mathematics, Language, and Science.

MRS. L. D. STEPHENS,
PRECEPTRESS,

Higher English Studies. Laundry and House Keeping.

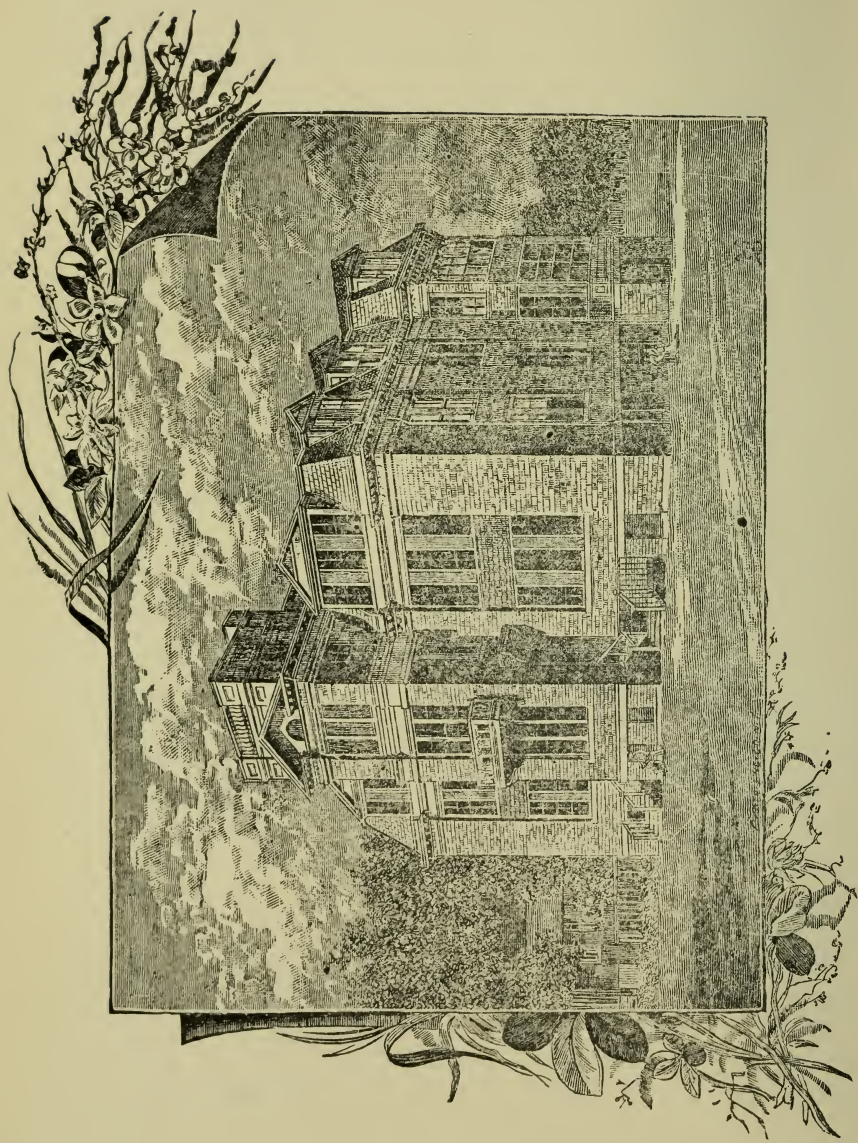

MISS SUSIE A. WHITLOCK,
History and English.

The Trustees of Morgan College think they have been fortunate in securing Rev. Geo. E. Stephens, a well and favorably known educator, to occupy the position of principal of this Institution. The school will be the same in its work for the student, and its relation to the Conference. Prof. Stephens deserves our sympathy and abundant support in awakening a widespread interest in the higher education of our young people, and in securing students who may avail themselves of the opportunities afforded them. In every respect the school will maintain its high standard of efficiency. Prof. Stephens took heavy risks, thus relieving the weighty burdens of the trustees, and deserves your unstinted support. We simply applied to this work the long-tried Conference Academy plan, and Prof. Stephens has made the very best of things as he found them. We believe that, aided by his most efficient wife, and seconded in his endeavors by faithful teachers, the school will continue to rise in character and true success. Let there be united, faithful effort, and our school will easily lead in the grand work before us.

DOMESTIC SCIENCE.

The work in Domestic Science has consisted chiefly of a series of lessons in Progressive Housework arranged by Miss Emily Huntington, Supt. of the N. Y. Cooking School, supplemented by talks on the chemistry of cooking and cleaning, laundry work, etc., by the reading of periodicals and by original papers, by the students. The course in housework is as follows:—

- 1 Cleaning in general.
- 2 Care of kitchen utensils.
- 3 Setting and serving a table.
- 4 Bed-room work.
- 5 Order and arrangement of housework, and light upholstery.
- 6 "Handling the family wash."

L. G. Watkins.

Total	-	-	-	-	-	-	-	<u>248</u>

CONDITIONS OF ADMISSION.

All applicants for admission must produce certificates of good moral character, signed by their pastors, and their parents or guardians must guarantee their good conduct. All new scholars must fill and sign a blank form of Application for admission. Blanks for these certificates will be furnished on application to the President, F. J. Wagner, Cor. Fulton and Edmondson Aves., Baltimore, to Principal P. O'Connell, Princess Anne, Md., or to Principal G. E. Stephens, Lynchburg, Va.

All persons must pay annually on entrance \$1 as incidental fee.

To enter the College Course, applicants must pass a satisfactory examination in the College Preparatory Course.

To enter the College Preparatory or Normal Course, applicants must pass a satisfactory examination in the Normal Preparatory Course.

Students coming from either of our branch schools with certificates of satisfactory examination, will be admitted to any grade to which the certificate permits them without further examination.

No student entering a school after the year or term has begun can be admitted to any class without passing an examination on the work gone over by the class. Students passing from grade to grade, will be advanced only when their work is satisfactory. Candidates for the ministry are requested to present a preacher's license, or a recommendation from the Quarterly Conference, or licensing body of the Church to which they belong.

Candidates for the ministry must pass a satisfactory examination in the full Normal Course before being admitted to the Theological Course. No exceptions to this rule.

Every student boarding in the Institution is required to make a deposit of \$20 to cover board and tuition.

No student in debt to the Institution will be allowed to re-enter before paying bills due.

Graduation Fee: College Department, \$5; Theological Department, \$3; Normal Department, \$2. These fees must be paid the School Treasurer ten days before graduation.

All students must pay \$1 admission and one month's tuition before their names will be entered on the books.

Certificates of deposit for the above named \$20 will also secure enrollment.

Final release from all school duties can be granted by the President of the College and Principals of the Branches only. All final discipline must be by vote of the Faculty.

Catalogues may be obtained by addressing Rev. F. J. Wagner, D. D., Rev. P. O'Connel, D. D., or Prof. G. E. Stephens.

A blank Application will be sent to any one requesting it, and as soon as it is properly filled and returned, and the applicant has passed the required examination and fulfilled the other conditions of admission, the name of the student will be placed on the College Register.

Female students attending Morgan College, and desiring us to find them boarding accommodations, must apply early, that suitable places may be secured.

Students wishing to retain their rooms for the coming year must make application for them before leaving at the close of the school year; 25 cents deposit, which will be refunded when the key is returned, will be required of each student occupying a room.

The assignment of unoccupied rooms will be made in the order of application.

Students may occupy their rooms during the summer vacation by the payment of the regular room-rent.

The keys of all rooms not to be occupied during the summer must be delivered to the resident teacher, or full room-rent will be charged for the same.

Accommodations.

Boarding at Morgan College or its Branches may be obtained by male students at \$1.50 per week, including laundry work. The number of pieces allowed each student weekly will be determined by the Laundry Association. All clothes must be marked with the owner's name in indelible ink.

By applying to the President, female students from abroad attending Morgan College, and not having friends in the city, may obtain board in good private families at \$2.50 per week, including room-rent, heating, lighting, washing, and the freedom of the parlor.

Female students attending the Princess Anne Academy and the Virginia Institute, will be charged the same rates as the male students (\$1.50 a week) for board and washing.

Rooms are furnished with bed-steads, mattresses, chairs, tables, looking-glasses, and pails; but the students must furnish their own pillows and cases, sheets, towels, bed-clothes, soap, combs, and brushes.

EXPENSES.

In the College, College Preparatory, and Normal Departments the charge per school month of four weeks is \$1.50.

In the Normal Preparatory Department, the charges are as follows: Third year per school month of four weeks \$1.25; Second year, \$1.00; First year, 75 cents. No deduction in tuition will be made for less than one month.

While in Institutions of our grade, throughout the land students must provide their own books, the above charges include the use of all books, and all necessary class-room stationery, but students will be charged for the loss of books.

The children of ministers of all denominations will be charged one-half the above rates for tuition.

Tuition will be free to Theological Students, when they have entered the Theological department.

Room Rent and Incidentals.

All students lodging in the buildings of Morgan College and its branches, will be charged \$1 per school month of four weeks, for rooms. No deduction in room rent will be made for absence of less than one month.

Music.

Students desiring to take vocal or instrumental music can be provided for at reasonable rates; but the lessons will be an extra expense to the student.

Chapel service is held each school day at 9 A. M. Attendance is compulsory.

Students are required to attend public worship twice every Sunday, at such churches as they, their parents, or their guardian may designate.

Prayer meeting is held every Thursday evening and early every Sunday morning. Attendance is altogether voluntary. Nevertheless, as important factors in promoting our aims, we urge our students to avail themselves of these privileges.

LOCATION.

Morgan College is situated at the corner of Edmondson and Fulton Avenues, one of the highest and healthiest portions of Baltimore city. One line of street-cars (electric) passes the door, and two others (both electric) are but two squares distant.

Students arriving at Camden Station, B & O. R. R., take the electric car, transfer at Lexington Street to the Edmondson car which will bring him to the College. Students arriving by other lines, at Union Station, take electric car to the corner of Charles and Preston Streets, and transfer to electric car going west, get off

at the corner of Lanvale Street and Fulton Avenue, and walk two squares south to the College.

Trunks may be left at the station and the teachers will inform parties how to have them delivered cheaply.

The Princess Anne Academy is located at Princess Anne, Md., (Eastern Shore) on the line of the New York and Norfolk R. R. The Principal will meet students at the station if notified of the time of their arrival.

The Lynchburg Collegiate and Industrial Institute is located at Lynchburg, Va., and crowns a hill affording an outlook upon beautiful natural scenery. It stands about a mile from the city, and in sight of the 'Peaks of Otter.' Every accomodation is of the highest order. The buildings are heated with hot water, and lighted with gas manufactured expressly for the school. All information needed can be obtained by writing to Principal Rev. G. E. Stephens, Lynchburg, Va.

Catalogues will be gladly sent to any one who may desire information. Address President Wagner, or either of the Principals.

NEEDY STUDENTS' FUND.

The necessity of such a fund lies in the fact that our students are poor and often have not money enough to meet even the small amount needed for the school year. Hence many are obliged to leave before the year closes, thus breaking up their work and greatly hindering their advancement. Applications are frequently made by deserving young men and women for a little help to enable them to finish the work of the school year.

A number of friends have contributed to this fund, but all has been exhausted in gifts and loans.

Conditions on which Students can be Helped from This Fund.

The applicant must be a member of some M. E. Church and must maintain a good character; must intend to graduate in some course; must have been at school at least one year, must pass all examinations in a satisfactory manner; must give a personal note satisfactorily endorsed, for the amount loaned; cannot be aided more than \$50 in any one year.

LIBRARY

Some additions, through the gifts of thoughtful friends, have been made to our library during the past year. We greatly need

some new books—recent history, ennobling fiction, popular scientific works, books on sociology, biology, biography, and philosophy. All books are thankfully received. We can distribute them among our schools, or aid students going out into the ministry by the gift of a few volumes as a nucleus of a library.

NATURAL SCIENCE DEPARTMENT.

As we are reaching the advanced classes in the college course we, more deeply than ever, feel our need of suitable apparatus to illustrate laws operative in the realm of matter. At least \$500 are needed to equip this department, that our students may be properly aided in their investigations of facts of the natural world and gain a clearer conception of the works of God.

COLLEGE SOCIETIES.

The Ciceronian Literary Association conducts its exercises publicly every Friday evening. The program is generally filled by the students themselves. Friends, however, often aid and encourage the students by gladly accepting invitations to read, sing, or speak. Representatives of the clerical and legal professions and members of the faculty have made addresses during the year.

The Demosthenic Association, which meets Saturday afternoon, also stimulates earnest literary study and exercise among the younger men.

VISITORS.

We shall be glad to entertain any of the brethren appointed by the Conferences to visit us, whenever it may be convenient for them to favor us with their presence. We will notify our friends of a special day for their visitation.

COLLEGE PHYSICIAN.

We mention with respect and thanks the name of J. T. King, M. D., (Harlem and Carrollton Avenues), who has, now for many years, generously rendered our students faithful and skillful treatment, free of charge.

ANNUAL COMMENCEMENT.

THURSDAY JUNE 1ST 1899.

Rev. F. J. Wagner, D. D., Pres., delivered the address to the Graduates and presented the Diplomas.

GRADUATES.

MORGAN COLLEGE.

COLLEGE DEPARTMENT.

Emory Emmett Fennell.

Martin Cornelius Jennings,

McHenry J. Naylor.

NORMAL DEPARTMENT.

Rosa Riley.

Annie E. Simpson,

William H. Steward.

COLLEGE PREPARATORY DEPARTMENT.

David Henry Hargis.

PRINCESS ANNE ACADEMY.
